## THE PROJECT

**Las Lomas del Higerón** is characterized for being a residential complex where every detail has been taken care of, so that you **fall in love with your home every day**.

It's a series of great ideas and a lot of work that makes Las Lomas del Higerón **the perfect place**, integrating the communal areas and vegetation where the outdoor areas flow seamlessly between houses.

At the same time, each plot will be an enclosed area with security to offer you privacy and intimacy.

Our goal is to create a **high quality, innovative and sustainable environment** where people live, work and enjoy their leisure time in community, with a variety of spaces where they can gather.

## WE WANT YOU TO BE HAPPY

In Las Lomas del Higuierón you will enjoy spectacular sea views from most of its homes thanks to its **magnificent orientation**; Surrounded by green areas integrated in the communal areas, where you can relax and breathe fresh air.

Each plot is conceived as an enclosed area with security where people can live and enjoy their free time, swimming pools, gymnasium and abundant green areas and gardens, as well as co-working areas from which to carry out professional activities, a workplace where creativity can flow and adapt to current needs.

This residential development is designed to create a community environment by integrating the **more than 100,000m<sup>2</sup> of green areas**, where outdoor areas will be easily accessible from the homes.

“Our goal is to create a high quality, innovative and sustainable environment where people live, work and enjoy their leisure time in community, with a variety of spaces where they can gather.”

## YOUR HOME

**Penthouses and apartments of 2, 3 and 4 bedrooms** distributed throughout buildings that offer intimacy and privacy to their owners. The units are distributed in blocks of 3 levels, combining a perfect orientation with fantastic **views of the sea** and the beautiful surroundings of the complex through its spacious terraces. The buildings are surrounded by green areas and gardens, carefully designed to create a sense of calm and harmony around them. The homes offer very bright interiors with large and modern spaces.

The **3-bedroom townhouses** will maintain the same architectural style and distributed in blocks of 2, 4, 5 and 6 units, enjoying stunning views of the sea and green areas. They have been designed to generate the experience of living in a luxury villa, through the creation of open and spacious areas with beautiful panoramic views from its solarium. In addition, thanks to its **spacious terraces** and the installation of a sliding door system integrated into the floor, the living area of the homes will be expanded, making the interior and exterior space flow seamlessly.
