FLOORS 3-12

All square footages and dimensions, including (without limitation) ceiling heights, are estimates based on preliminary plans and will vary with actual construction. All floor plans, specifications and other development plans are proposed and conceptual only and are subject to change and will not necessarily accurately reflect the final plans and specifications. Stated square footages and dimensions are measured to the exterior boundaries of the exterior walls and the centerline of interior demising walls between units and in fact vary from the square footages and dimensions that would be determined by using the description and definition of the "Unit" set forth in the Declaration, which generally only includes the interior airspace between the perimeter walls and excludes all other areas. Measurements of rooms set forth on this floor plan are generally taken at the narrowest points and given for purposes of the method of measurement described herein. The method of measurement is described in the Declaration and is subject to change.
